Division of Elections
Office of the Lieutenant Governor**

October 2004

Dear Media Representative:

I am pleased to provide you with the Division of Elections' 2004 General Election Media Kit, and hope you find it helpful as you cover the election.

Information in the first section of the kit explains what's on the ballot and race-by-race candidate information.

In sections that follow we include summaries of registered voters by party, voter turnout statistics, and ballot counting methods.

We're also including an explanation of absentee and questioned voting and counting schedules for those ballots.

The election calendar we're again calling "Hot Dates," and we've placed it near the front so that you will easily locate the statutory deadlines related to the election.

We'd like you to note, too, that Accu-Vote, the State's optical-scan ballot tabulation system, will be available in 283 of 439 precincts for this election. More than 90 percent of our voters use optical scan.

Remember that you may access the Division's home page for returns on election night:
www.elections.state.ak.us

Please remind voters they may call our toll-free number to locate their polling places:
1-888-383-8683. In the Anchorage area, the number is 269-8683.

All of us at the Division of Elections look forward to working with you as you cover the 2004 General Election.

Sincerely,

Laura A. Glaiser
Director of Elections

2004 Ballot Measures

Alaskans will be voting on four ballot measures in the 2004 General Election.

BALLOT MEASURE NO. 1

House Joint Resolution No. 5

Signatures for Initiative and Referendum Petitions

This amendment changes how to gather signatures for an initiative or referendum petition. It requires signatures from more of the voting districts in the State. It says that signers must be from at least 30 of the 40 house districts, three more than now required. It further requires signatures from each of 30 districts to be at least equal to seven percent of the voters who voted in each of these districts in the last general election. Currently only one signer from a district satisfies the requirement for district participation. The total number of statewide signatures required does not change.

SHOULD THIS CONSTITUTIONAL AMENDMENT BE ADOPTED?

BALLOT MEASURE NO. 2

INITIATIVE NO. 01MRNA

Initiative to Legalize Marijuana

This bill would remove civil and criminal penalties under state law for persons 21 years or older who grow, use, sell or give away marijuana or hemp products. State or local government could not require a permit or license for personal cultivation or distribution of marijuana, but could regulate marijuana like alcohol or tobacco. It removes all existing state restrictions on prescription of marijuana by a doctor for all patients, including children. It allows for laws limiting marijuana use in public and to protect public safety.

SHOULD THIS INITIATIVE BECOME LAW?

BALLOT MEASURE NO. 3

INITIATIVE NO. 03BEAR

Prohibiting Bear Baiting or Feeding

This bill would make it illegal for a person to bait or intentionally feed a bear to hunt, photograph, or view a bear. A person could not feed a bear on purpose or use any item or substance, including food or other edible matter to entice a bear into an area, or to stay in an area. A person who violates this law would be guilty of a Class A misdemeanor, punishable by up to one-year imprisonment and a fine of up to \$10,000.

SHOULD THIS INITIATIVE BECOME LAW?

BALLOT MEASURE NO. 4

INITIATIVE NO. 03SENV

Repeal Temporary Appointment of U.S. Senator

This measure would repeal state law by which the Governor makes a temporary appointment of a person to fill a U.S. Senate vacancy until a special or regular election can be held. Under existing law the seat remains vacant until an appointment is made. Under the initiative the seat would remain vacant until the election is certified and the senate meets. Existing law provides that a special election will be held within 60 to 90 days to fill a vacancy unless the vacancy occurs within 60 days of the primary election for that seat. This initiative does not change that provision.

SHOULD THIS INITIATIVE BECOME LAW?

Absentee and questioned ballot count

Close Race Policy

The Division of Elections' first priority is to protect the integrity of the electoral process and to ensure that every absentee and questioned ballot receives thorough review to determine eligibility. It is the policy that all absentee and questioned ballots will be reviewed and processed by district in date order as they are received. Close races will be processed in accordance to this policy.

Absentee Voting

Alaska law allows voters to vote absentee four ways: in person, by mail, through special needs or by fax. The Division of Elections encourages participation through every possible avenue whether by voting absentee or through the traditional voting in person at the polls on Election Day.

Under Alaska law, voters may vote absentee for any reason. They do not have to be away from the polls on Election Day in order to vote this way. Absentee voting begins 15 days before an election, and voters may vote absentee in person or they may apply to vote absentee by mail.

Ballots for all 40 election districts are available at the regional election offices (Juneau, Anchorage, Fairbanks, Nome) and at absentee voting stations around the state once the absentee voting process begins. Ballots for individual election districts are available at some city clerks' offices, legislative information offices and numerous other locations through Absentee Voting Officials. Details about absentee voting are available on the division's web site:

www.elections.state.ak.us

Questioned Ballot Voting

If a voter's name does not appear on the precinct register when he or she goes to the polls, election workers will ask the voter to vote a questioned ballot. Most people who vote questioned ballots are voting out of their precincts as a matter of convenience or because they changed their voter registration after the registration cutoff date. Some people vote questioned ballots because they registered too late or are not registered at all.

Voters may also be asked to vote a questioned ballot if they do not have identification and are not known, personally, by the election board. They might, in addition, be asked to vote a questioned ballot if another person, having good reason, questions their qualifications as a voter.

Questioned voters sign a questioned voter register rather than the precinct register at the polls. After they vote, their ballots are placed in special security envelopes. After a Questioned Review Board has reviewed all questioned-ballot information appearing on the envelope, a determination is made as to whether to count the ballot.

Counting Absentee and Questioned Ballots

Regional elections offices begin counting absentee ballots on election night. They then count again on the 10th day following the election. Statutory deadline for receiving and counting is 15 days following the election.

In recent years, the number of questioned ballots has dramatically increased. Because of this, state regulations now allow the division to schedule counting on the sixth day following an election (the next Monday), if needed, but only after questioned ballot information from an entire district has first been reviewed by a Questioned Review Board.

Special Needs Voting

A qualified voter who experiences a disability may apply for an absentee ballot through a personal representative who will bring the ballot to the voter. Ballots are available 15 days before the election at any regional elections office or from absentee voting officials.

Absentee Voting by Fax

Absentee voting by fax, also available 15 days before an election, is a voter's last alternative to casting a ballot, primarily because the voter waives a portion of his or her right to a secret ballot by voting this way. Voters must complete an absentee by-fax application before voting this way.

Alaska Statutes, Title 15, Article 2

ELECTION RECOUNTS

The Division of Elections has included on this page and the following pages, sections in Title 15 that pertain to the election recount process. Election recounts take place from time to time.

Sec. 15.20.430. Authorization of recount application.

(a) A defeated candidate or 10 qualified voters who believe there has been a mistake made by an election official or by the counting board in counting the votes in an election, may file an application within five days after the completion of the state review to the director for a recount of the votes from any particular precinct or any house district and for any particular office, proposition, or question. However, the application may be filed only within three days after the completion of the state review after the general election for a recount of votes cast for the offices of governor and lieutenant governor. If there is a tie vote as provided in AS 15.15.460, the director shall initiate the recount and give notice to the interested parties as provided in AS 15.20.470.

(b) The date on which the director receives an application rather than the date of mailing or transmission determines whether the application is filed within the time allowed under (a) of this section. If the actual physical delivery by telegram of a copy in substance of the statements made in the application for recount is received in the office of the director at or before 5:00 p.m. Alaska Standard time on the due date, the application will be accepted; providing the original signed application is postmarked at or before 5:00 p.m. Alaska Standard time of the same day.

Sec. 15.20.440. Form of application.

(a) The application shall state in substance the basis of the belief that a mistake has been made, the particular election precinct or election district for which the recount is to be held, the particular office, proposition, or question for which the recount is to be held, and that the person making the application is a candidate or that the 10 persons making the application are qualified voters. The candidate or persons making the application shall designate by full name and mailing address two persons who shall represent the applicant and be present and assist during the recount. Any person may be named representative, including the candidate or any person signing the application. Applications by 10 qualified voters shall also include the designation of one of the number as chair. The candidate or persons making the application shall sign the application and shall print or type their full name and mailing address.

(b) Candidates, political parties, or organized groups having a direct interest in a recount and who are seeking to protect their interests during a recount may provide, at their own expense, two or more observers to witness the recount.

Sec. 15.20.450. Requirement of deposit.

The application must include a deposit in cash, by certified check, or by bond with a surety approved by the director. The amount of the deposit is \$300 for each precinct, \$750 for each

house district, and \$10,000 for the entire state. If the recount includes an office for which candidates received a tie vote, or the difference between the number of votes cast was 20 or less or was less than .5 percent of the total number of votes cast for the two candidates for the contested office, or a question or proposition for which there was a tie vote on the issue, or the difference between the number of votes cast in favor of or opposed to the issue was 20 or less or was less than .5 percent of the total votes cast in favor of or opposed to the issue, the application need not include a deposit, and the state shall bear the cost of the recount. If, on the recount, a candidate other than the candidate who received the original election certificate is declared elected, or if the vote on recount is determined to be four percent or more in excess of the vote reported by the state review for the candidate applying for the recount or in favor of or opposed to the question or proposition as stated in the application, the entire deposit shall be refunded. If the entire deposit is not refunded, the director shall refund any money remaining after the cost of the recount has been paid from the deposit.

Sec. 15.20.460. Determination of date of recount.

If the director determines that the application is substantially in the required form, the director shall fix the date of the recount to be held within three days after the receipt of an application requesting a recount of the general election votes cast for the office of governor and lieutenant governor and within five days after the receipt of an application requesting a recount for any other office, question, or proposition.

Sec. 15.20.470. Requirement of notice.

The director shall give the candidate or designated chairperson signing the application, the two or more persons appointed to represent the applicant during the recount, and other directly interested parties, notice of the time and place of the recount by certified mail, telegraph, telephone, or facsimile.

Sec. 15.20.480. Procedure for recount.

In conducting the recount, the director shall review all ballots, whether the ballots were counted at the precinct or by computer or by the district absentee counting board or the questioned ballot counting board, to determine which ballots, or part of ballots, were properly marked and which ballots are to be counted in the recount, and shall check the accuracy of the original count, the precinct certificate, and the review. The director shall count absentee ballots received before the completion of the recount. For administrative purposes, the director may join and include two or more applications in a single review and count of votes. The rules in AS 15.15.360 governing the counting of ballots shall be followed in the recount when a ballot is challenged on the basis of a question regarding the voter's intent to vote for the candidate, proposition, or question. The ballots and other election material must remain in the custody of the director during the recount, and the highest degree of care shall be exercised to protect the ballots against alteration or mutilation. The recount shall be completed within 10 days. The director may employ additional personnel necessary to assist in the recount.

Sec. 15.20.490. Certification of results.

If it is determined by recount that the plurality of votes was cast for a candidate, the director shall issue a certificate of election or nomination to the elected or nominated candidate as determined by the recount. If it is determined by the recount that a proposition or question should be certified as having received the required vote, the director shall so certify except that the lieutenant governor shall so certify if the proposition or question involves an initiative, a referendum, or a constitutional amendment.

Sec. 15.20.500. Authorization for expanding recount.

[Repealed, Sec. 6 ch 26 SLA 1966].

Sec. 15.20.510. Provision for appeal to courts.

A candidate or any person who requested a recount who has reason to believe an error has been made in the recount (1) involving any question or proposition or the validity of any ballot may appeal to the superior court in accordance with applicable court rules governing appeals in civil matters, and (2) involving candidates for the legislature or Congress or the office of governor and lieutenant governor may appeal to the supreme court in accordance with rules as may be adopted by the court. Appeal shall be filed within five days of the completion of the recount. Upon order of the court, the director shall furnish the record of the recount taken, including all ballots, registers, and other election material and papers pertaining to the election contest. The appeal shall be heard by the court sitting without a jury. The inquiry in the appeal shall extend to the questions whether or not the director has properly determined what ballots, parts of ballots, or marks for candidates on ballots are valid, and to which candidate or division on the question or proposition the vote should be attributed. The court shall enter judgment either setting aside, modifying, or affirming the action of the director on recount.

Sec. 15.20.520. Provision for appeal to legislature or Congress.

A candidate or persons who requested a recount, who have reason to believe an error has been made in the recount involving a candidate for the general election for the state legislature or Congress, may appeal to the chamber in which the candidate seeks membership in accordance with applicable rules of the legislature or Congress. Upon request of the legislature or Congress, the director shall furnish the record of the recount taken including all ballots, registers, and other election material and papers pertaining to the election contest.

Sec. 15.20.530. Determination of tie votes.

If after a recount and appeal two or more candidates tie in having the highest number of votes for the same office, the director shall notify the candidates who are tied. The director shall notify the candidates of a reasonably suitable time and place to determine the successful candidate by lot. After the determination has been made by lot, the director shall so certify.

Section 6

Write-In Candidates

- Write-In Candidates on General Election Ballot

Remember to check the Division of Elections' Internet home page for information.

Write-In Candidates

By law, there is no provision for write-in candidates in a state Primary Election. However, *the law does provide for write-in candidates in a General Election*. An amendment to the law became effective July 1, 2000 requiring that write-in candidates file a Notice of Intent to run no later than five days before the general election. The Director of Elections certifies the write-in candidacies at the time of that deadline.

Alaska Statutes, Title 15, Chapter 25 (New requirements for Write-in candidates)

Sec. 15.25.105. Write-in candidates. (a) If a candidate does not appear on the primary election ballot or is not successful in advancing to the general election and wishes to be a candidate in the general election, the candidate may file as a write-in candidate. Votes for a write-in candidate may not be counted unless that candidate has filed a letter of intent with the director stating

- (1) the full name of the candidate;
- (2) the full residence address of the candidate and the date on which residency at that address began;
- (3) the full mailing address of the candidate;
- (4) the name of the political party or political group of which the candidate is a member, if any;
- (5) if the candidate is for the office of state senator or state representative, the house or senate district of which the candidate is a resident;
- (6) the office that the candidate seeks;
- (7) the date of the election at which the candidate seeks election;
- (8) the length of residency in the state and in the house district of the candidate;
- (9) the name of the candidate as the candidate wishes it to be written on the ballot by the voter;
- (10) that the candidate meets the specific citizenship requirements of the office for which the person is a candidate;
- (11) that the candidate will meet the specific age requirements of the office for which the person is a candidate by the time that the candidate, if elected, is sworn into office;
- (12) that the candidate is a qualified voter as required by law; and

(13) that the candidate is not a candidate for any other office to be voted on at the general election and that the candidate is not a candidate for this office under any other nominating petition or declaration of candidacy.

(b) If a write-in candidate is running for the office of governor, the candidate must file a joint letter of intent together with a candidate for lieutenant governor. Both candidates must be of the same political party or group.

(c) A letter of intent under (a) of this section must be filed not later than five days before the general election.

**Alaska Statutes, Title 15, Chapter 15
Elections, Ballots, and Term Limits
(Explains counting Write-in ballots)**

Sec. 15.15.360. Rules for counting ballots.

(a) The election board shall count ballots according to the following rules:

(1) A voter may mark a ballot only by filling in, making "X" marks, diagonal, horizontal, or vertical marks, solid marks, stars, circles, asterisks, checks, or plus signs that are clearly spaced in the oval opposite the name of the candidate, proposition, or question that the voter desires to designate.

(2) A failure to properly mark a ballot as to one or more candidates does not itself invalidate the entire ballot.

(3) If a voter marks fewer names than there are persons to be elected to the office, a vote shall be counted for each candidate properly marked.

(4) If a voter marks more names than there are persons to be elected to the office, the votes for candidates for that office may not be counted.

(5) The mark specified in (1) of this subsection shall be counted only if it is substantially inside the oval provided, or touching the oval so as to indicate clearly that the voter intended the particular oval to be designated.

(6) Improper marks on the ballot may not be counted and do not invalidate marks for candidates properly made.

(7) An erasure or correction invalidates only that section of the ballot in which it appears.

(8) A vote marked for the candidate for President or Vice-President of the United States is considered and counted as a vote for the election of the presidential electors.

(9) Write-in votes are not invalidated by writing in the name of a candidate whose name is printed on the ballot unless the election board determines, on the basis of other evidence, that the ballot was so marked for the purpose of identifying the ballot.

(10) In order to vote for a write-in candidate, the voter must write in the candidate's name in the space provided and fill in the oval opposite the candidate's name in accordance with (1) of this subsection.

(11) A vote for a write-in candidate, other than a write-in vote for governor and lieutenant governor, shall be counted if the oval is filled in for that candidate and if the name, as it appears on the write-in declaration of candidacy, of the candidate or the last name of the candidate is written in the space provided.

(12) If the write-in vote is for governor and lieutenant governor, the vote shall be counted if the oval is filled in and the names, as they appear on the write-in declaration of candidacy, of the candidates for governor and lieutenant governor or the last names of the candidates for governor and lieutenant governor, or the name, as it appears on the write-in declaration of candidacy, of the candidate for governor or the last name of the candidate for governor is written in the space provided.

(b) The rules set out in this section are mandatory and there are no exceptions to them. A ballot may not be counted unless marked in compliance with these rules.

(c) *[Repealed, Sec. 24 ch 113 SLA 2003].*

Sec. 15.15.361. Stickers.

Affixing stickers on a ballot in an election to vote for a write-in candidate is prohibited.
